ACADEMY HERALD

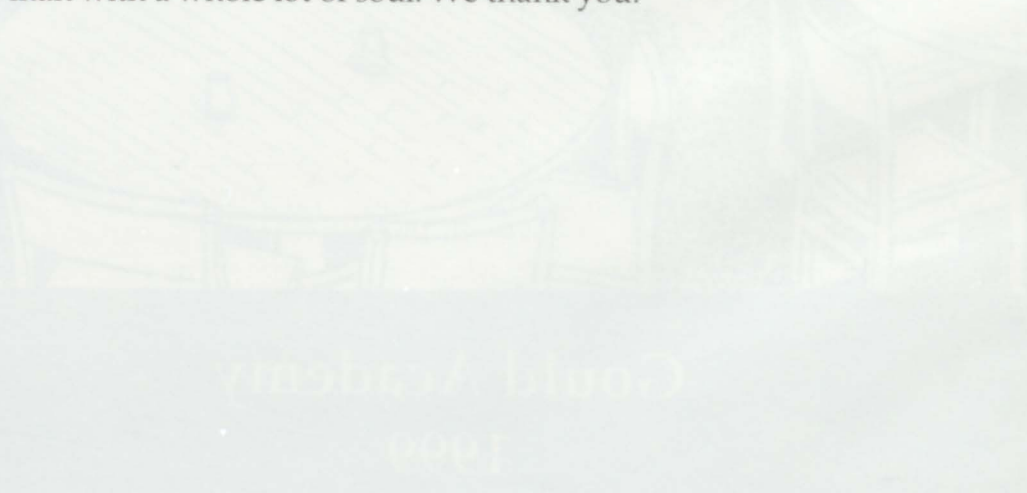

Gould Academy
1999

This One is Dedicated to You!

There is a quiet little man who walks about this campus. The beauty of his reservation lies in the unraveling of his diverse personality. If one has the pleasure of meeting him in the classroom one will be invited to share his vast intellect and enthusiasm for history. The Class of 1999 is amazed at how one man can have his hands, mind, and soul constantly engaged in literature, soil, crafts, canoes, and piccolos and at the same time have the ability not to take himself too seriously. His sarcasm and humor ease the troubles of our days.

He is the little man with a whole lot of soul. We thank you!

Appreciation

Do you have any idea what energy is?! Come on – try to answer. Ok – enough! Let me tell you – it's way beyond your comprehension, but don't worry, that's ok. No one else understands energy either. But if you're looking for a good start – you'll probably find a definition in Mr. Morison. Who else runs twelve miles through the woods with a foot long gash in his leg? Who else knows honest to goodness stories about elephants falling from helicopters into the ocean next to little men in little fishing boats? Who else says, "Have a bitchin' day!" in assembly? Who else finds lesbian discos and phospholipid membranes analogous? And most of all, who else challenges us to ask the life's quintessential questions and then find the answers?

Now, here at Gould Academy, and at all of the other places on earth where true genius lies, the idea that one can find themselves in nature is pervasive. The keys to life are hidden work, in challenge. For, through life's challenges we gain a deeper insight into ourselves, and when one truly understands himself, he can then understand his fellow humans. If one gets this far, perhaps he can even begin to understand life. So – we cuddle in our sleeping bags for a week in the woods during our junior year and then – presto! – we get it. In a perfect world, yes. But the reality is: most students don't come back from four point with an enlightened mind and elated spirit. We get these things from our teachers. Mr. Morison has given us a taste of in-depth knowledge and lets us know that we have only skimmed the surface. Mr. Morison has shown us the beauty in pain and athletic conquest. Mr. Morison has taught us what one can do with energy, enthusiasm, tenacity, and understanding.

As Dr. Ruth says, "You need to go camping? Talk to Buzzy. He give you a good sleeping bag."

Thank you Mr. Morison. For opening our minds and forcing us to recognize our potential. You have helped us recognize the electrospecial profile of life, etc., etc.

...Some time ago, a young boy lay with his back against warm grass and deep green eyes gazing into the gorgeous violet, pink, and blue shades of the southern sky. Captivated in a dream of memories his eyes unexpectedly focused on something in the corner of his view. A tree. The boy began to pick apart the apparent characteristics of the tree. In doing so he realized that it was much smaller than the others around it, and its foliage a much brighter shade, he decided it must be a different kind of tree. The boy felt sad for the little tree, he felt as though it didn't fit in, and couldn't feel comfortable with the clutter of the oaks towering around it. The more sympathy the boy felt for the tree the more, and more he realized his thoughts, and feelings weren't for the tree, but for himself. He recognized the reality that, although he loved his home, he needed to move on to a new and unfamiliar setting...And so the boy went north one summer and fell in love with the life he found...

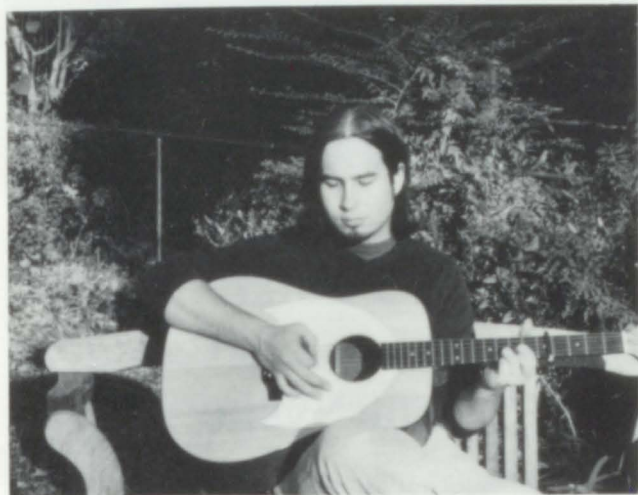

...Well I don't know who to thank or notice or say good-

bye to...So to anyone who blessed a word or two upon me, thank you.

*"I took a moment from my day
Wrapped it up in things you say
mailed it off to your address
you'll get it pretty soon unless
the packaging begins to break
and all the points I tried to make
are tossed with thoughts into a bin
time leaks out my life leaks in
You won't find moments in box
and someone else will set your clocks..." - T.A.*

****My ANGEL>>>hmm...well its quite ludicrous to think that I could express what you meant to me in words...so I won't. I'll just say what comes to mind...Ever since my eyes fell upon yours you have blessed me with beautiful dreams. The emotions and thoughts we have shared with one another are what bound our souls together. In this serpentine entanglement our hearts have beat life into each other. In your arms I have found a place of Love. When I came, I was searching for something, what I found was our friendship...I fear what will become of us, but like our songs, I know we are as you said, eternal...So my dearest Christina always remember if you ever need an arm-tickle or a hug I am always here...I love and care about you with all my heart and our lives will always carry through on this Misty Flavored Sea Shore...and I will always be your angel...much LOVE - your Lil' Southern boy

mr bean said in assembly the other day that life is full of stories and maybe that's all we have... someday we will look back and remember some of the stories and in them remember each other. "Impossible is an extremely limiting word!" (The front of my "blink" t-shirt) My four years at Gould have been great (and at times, a living hell, mostly in part of my own slacking off.) However, I would not have been able to make it through this without the help of my friends. Reid, always follow your heart and never let people tell you what you can and can't do. Good luck next year, have fun, don't get side tracked and don't get mixed up with guys. You know what that will do to you! Janka, You better stay in touch because I am liable to go insane if you don't! Have fun in college. You both were like sisters to me and I thank you both for that. Katie M. You were always able to lighten my spirits with your silent strength, intelligence, and beauty. Every one that I forgot to mention, there was probably a reason! (just kidding!!!!) Scott Roy

Mother and Father – I couldn't ask for anything else. You have supplied me with everything that I will ever need and much more. Thank you for always being there for me. I greatly appreciate it.

I can't fathom how you never have any qualms. *Andy* – Is the computer lab open at 4:30? Never listen to advice from yearbooks (crisco sandwiches?). Some people are straight up budget, you are one of the few that are not. Way to leave the X's where they belong, in the alphabet. It is all played out anyway. *Corey* – stupid, what, I always thought Bullwinkle was smart. Z71, like a rock, huh. We'll see. *Caroline* – Who am I going to run with now? Thanks for being there for me from the start. *Trevor* – I envy your laid back attitude. Do you even know how it feels to be stressed out? It's all over-rated anyway.

so it's all over but it has really just begun. can anyone put words to love, friendship and closeness? to all my guides, my beautiful friends all over the world (quite literally), without your support...where would my heart truly be? i am here because of the people who make me truly feel. something so beautiful...can't be put into words. to my family, how do you do it so different, but still so core and real. guidance is what i have needed and as a whole, everyone has given me that, in every way imaginable. the good things don't come easy. and we journey on. life is just a dream...yet after so many deaths; i live and write...and live. To my guides, the music, the Pegasus, unicorns, fairies and to little Dorothy and Alice who traveled to where my mind is...thanks for the visions.

So I was thinking and thinking of what to write for senior quotes, or who to write to and what to write. And it seemed like so much to say to so many people those 200 words couldn't come close to everything I wanted to say and the people who I wanted to say something to. There are just too many incredibly amazing people here, who have so much to offer and so much to teach to thank individually. So thank you to everyone at Gould, thank you for giving so much of yourselves to such a wonderful place, and thank you for enriching the past two years of my life to make them so incredible. There is no way I could write to everyone, for everyone has made such a big difference in my life. Always remember to meet everyone, sit at different tables, go running with your teachers, and work as hard and have as much fun as possible, and never, ever stop believing in you. 'Bye guys, it's been AWESOME!

Mom, Dad, thanks for everything. Although I never show it, I am very thankful for everything you guys have done for me. It has been a long 4 years and although at times I had doubts, I will miss Gould. Nate & Bec, I missed you guys a lot and often wondered if I should have stayed at YHS. Nate – keep an eye out for those blue sailboats at the beach. Bec – Watch out for those curbs. Des – You are great. Your genuine concern for the well being of other people is a rare quality.  To all the wonderful faculty members that has given me so much.  
 To my friends that I will be with always  
 You've been so kind and generous  
 I don't know how you keep on giving  
 For your kindness, I'm in debt to you  
 For your selflessness, my admiration  
 For everything you've done, you know I'm bound  
 I'm bound to thank you for it  
 You've been so kind and generous  
 I don't know how you keep on giving  
 For your kindness, I'm in debt to you  
 And I never could have come, this far without you  
 For everything you've done, you know I'm bound  
 I'm bound to thank you for it  
 I want to thank you for so many gifts you gave  
 The love, the tenderness, I want to thank you  
 I want to thank you for your generosity, the love  
 And the honesty that you gave me

"It is our privilege as human beings to live either as Warriors or Slaves. A Warrior is the master of his fate. No matter what fate throws at him, fame or infamy, health or sickness, poverty or riches, he uses the situation for his own inner development. The slave, on the other hand, is completely at the mercy of external events. If fortune smiles on him he struts and boasts and attributes to her favors to his own power and wisdom - which, as often as not, had nothing to do with it. If fortune frowns, he whines and weeps and grovels, putting the blame for his sufferings on everything and everybody except himself. There are conscious and unconscious warriors, those who know what they are fighting for and those who just fight.

- Warriors Way, Robert S. de Ropp

Our species is the only creative species, and it has only one creative instrument, the individual mind and spirit of a man. There are no good collaborations, whether in music, in art, in poetry, in mathematics, in philosophy. Once the miracle of creation has taken place, the group can build and extend it, but the group never invents anything. The preciousness lies in the lonely mind of a man. And this I believe: that the free, exploring mind of the individual human is the most valuable thing in the world. And this I would fight for: the freedom of the mind to take any direction it wishes, undirected"

- John Steinbeck

Family: There is no end to the goodness and support you have bestowed upon me. You are where my heart is. My gratitude and love are endless.

Friends: "We never live so intensely as when we love strongly. We never realize ourselves so vividly as when we are in the full glow of love for others" - Walter Rauschenbusch I have learned from you and loved you well. Thank you for making me glow.

Faculty: (esp Mr. McGuire) To those of you who generously opened your hearts and minds to me, thank you. I know it took a while, but I am well on my way. Thank you for standing by me.

Life is this simple: Live and breathe each moment, you will never be confused, bored, or unappreciative. Be true to yourself. Peace.

Gould Academy...Here is where I got lost for the longest time. I thought I was going somewhere...where that was went somewhere else. I know now, though, that I truly know nothing. For that I thank: the hippies for listening, the teachers for talking, and all the rest for whatever you do.

"Man tries to make for himself in the fashion that suits him best a simplified and intelligible picture of the world. He then tries to some extent to substitute this cosmos of his for the world of experience, and thus to overcome it...He makes this cosmos and its construction the pivot of his emotional life in order to find in the narrow whirlpool of personal experience ...The supreme task...is to arrive at those universal elementary laws from which the cosmos can be built up by pure deduction. There is no logical path to these laws; only intuition, resting on a sympathetic understanding of experience, can reach them..."

Hello to the family – Mom, Dad, Ash – thanks for all the push and love – your son loves you all. The years have flown and Gould has left an impression on me as a whole – not negative – not positive – but it's just there, and without it my person would not have nearly as much of a base on which to build on in the future. Boys – Ezra, Tate, Matt – our room couldn't have been cleaner in mind or body – occasional issues just added to the fun. Matt – keep that great head of yours together. Tate – my west coast connection – hope it doesn't ever break. The year went good!! Kelley – hope your sitting around with some people that are a little more stimulating-@#\$\$ – you always kicked me into gear – enjoy yourself and thank you. Ezra – my truck is going to bigger then your truck! – enjoy yourself. Boys downstairs – gravity's there and it's going to stay – so don't even try. All of you girls were all so neat!! I'll see you all again these aren't last words. – and I really did like being in Arkansas. Hope all my boys and girls long gone are still livin it up. When reality overtakes insanity – life is lost – love is gone – and soul is dead.

Success is obedience to a structured way of life, you can't ignore structure because we are all within its sight.

Mr. Baker you are one of the most respectable people in my life. I owe you more than I can ever repay. Thank you for being there when I needed a friend. I will never forget about you.

Dad, thanks for putting up with me. It must have been a hard thing to do. Now you only have four more years of school to deal with.

Tatey - I only wish that I had the ambition that you have. Don't forget about me when you are a millionaire.

Flano - you're a hep cat. Keep speaking your mind, you have a good head on your shoulders.

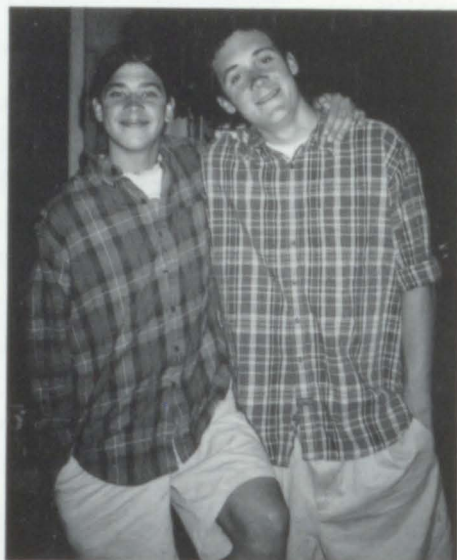

Ezzy - Get some sleep! Your working hours are unique.

Gardner - Live to RIDE!!!!!!

Dizzy Dana - don't try to bite the baby blue...you can't hack it!

Liz - you are just cool, keep it that way.

Anna - I had a lot of fun times with you by my side. You were a special part of my life. I hope that you learned a lot from the relationship that we have. I pitched to many innings, maybe baseball is just not your sport. Some day you will be on the all-star team, but by then I'll be retired.

Even though I had negative things to say about Gould, the three years that I spent here will be in my memory bank forever. The lifestyle of Gould is a tough one to live, but when it is all said and done I am going to miss being here. Thanks for everything.

## Chris Brooks

As I think back over the many years I spent at Gould, I remember the good times, the bad times, and those times that seemed so pointless and insignificant at the time but perhaps are the most important times of my life. Everyone that I met during this time had a major impact on my thoughts, my words, and my own existence. You are all my inspiration, and I thank you for that. At first I wanted to write something to each of you but 200 words doesn't go very far when you're speaking from the heart. All of you take up a place in my heart and soul and will be there until the end of time.

Dad: Although you and I haven't gotten along for the past five or six years, you are the source of all my good memories. The everlasting motorcycle rides, the late night ping pong-games, and the stories you used to read to me as I fell asleep. The one thing we had in common was Rod Stewart; and his songs will always play in the background of my mind as I remember the times that we shared. They mean so much to me, and so do you. I love you.

## Carl Davis

Every time I look in the mirror I surprise myself

Go my sons, burn your books,  
Buy yourselves stout shoes.  
Get away to the mountains, the deserts  
And the deepest recesses of the earth.  
In this way and no other will you gain  
A true knowledge of things and  
Of their properties.

— Seter Severinus 1571 A.D.

Many spokes unite to form the wheel but it is the center hole that makes it useful. When you shape clay into an urn, it is the space within that makes it useful. Cut doors and windows in a room; the opening makes them useful. For the material, comes profit. From the immaterial, usefulness. — Lao-Tzu

I must go down to the seas again, to the vagrant gypsy life,  
To the gull's way and the wale's way  
Where the wind is like a whetted knife;  
And all I ask is a merry yarn from a laughing fellow-rover,  
And the quiet sleep and the sweet dream when to long trick's over.

— John Masefield

Hey I'd like to daze away to a place no one has known  
In a state of mind I could call mine and only I could own  
Where I could hum a tune anytime I choose  
And there is no such thing as time  
Where I feel no pain just calm and sane, what a place for one to find.

Now ya see I'm watching everything I do  
And their watching everything I say...  
...why am I even here? I wonder...

I didn't mean to feel this way when I walked into the door  
Then they ripped away my memories and I can't remember who I was before

Mom: Thank you for giving me the chance to come here to Gould. I know what you had to give up to make that happen. I can only hope to try to repay you what you have given me. Mr. Fiske: that's with an (e). How long have I known you? I'll tell you, long enough so that you don't need to beat around the bush with me. Be Bold; I can take it. "I've got a question?" Well with your Sig Dig's, and your explanation about mass really isn't weight; I think that you've answered my question. Timbo: What can I say about Timothy Brandon Hall. I have no idea how we ended up together as friends but I am glad. You are one of my best friends. I am going to hate to leave you behind. I'll be back next year. I have spent hours all through life to find the perfect thing to say, knowing that I would regret anything I put. So many people to quote...too many. Most people thank the figures of their life, but if you know me, it is being done constantly. for those who don't: Mr. Alford, I'm sorry I ripped down that magazine cut out in your class. Mrs. Baker, sorry I portrayed a fake character to you. Billy the sea monkey, sorry I over-fed you, your gift will always be missed. Message to self: Hopefully it happened, and nobody died, and your tasting that sweet Jane...I don't mean pot for you who thought I do that stuff (I may seem that way I know) Heh. Now time to talk in code to my close friends so that nobody else can understand...DOO...MOHBUH DEBOOBHUH ENPAKKAFAGUH...AH HOH AH AIN MITTIN YOO DOO MUH. Don't look at me as if I moved on from Gould...pretend I died or something with the same remorse. All: "Now its time to say goodbye to all the family, M-I-C-K-E-Y-M-O-U-S-E" - W. Disney I guess

## Senior Point

Throughout the week, we worked for four volunteer organizations. The Good Shepherd Food Bank, The Nature Conservancy, The Audubon Society, and Habitat for Humanity. We spent time various school systems. A third grade class of Crescent Park spent three hours a morning working on two plays and ended the week with a great performance of those plays. The local Montessori School felt the impact of the ideas and activities of the senior volunteers, the Rumford Elementary School welcomed us to celebrate Read Across America Day, and three schools enjoyed pottery workshops.

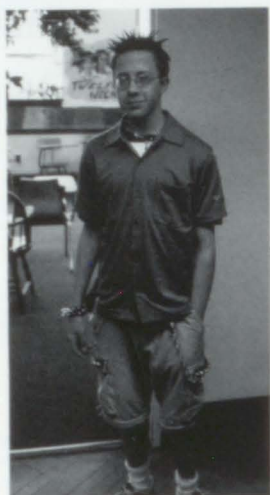

In the community, we offered other exciting opportunities. We hosted a Senior Citizens dinner, offered computer literacy workshop, and a soccer clinic for local elementary and middle school students. On campus important projects were begun and accomplished. The barn workers raised two sidewalls, nailed down a floor, and raised four rafters. Students began to re-furbish the school sauna, and a dozen students spent their weekend painting tiles for the sauna. Doug Wilson, a faculty member at the Haystack Mountain School of Crafts, joined our program. He helped the students to design and forge an andiron for the fireplace in Ordway Hall. Sarah Disston, a Gould graduate, donated her talents with *trompe l'oeil* painting and mentored students in creating murals and re-finishing surfaces in Hanscom and Gehring Hall. To add to their busy days, students were responsible for the food preparation, cooking, serving, and cleaning of each meal!

# Juniors

# Junior Point

This year was another successful junior outing in the woods. Even the weather didn't dampen our spirits – no pun intended. Each group endured its test and trials, but everyone made it out alive! We entered the woods full of happy thoughts and with clothes smelling of Tide. We left happy to be in civilization and with an aroma on us that made young children run. Yes, Chris Monaco even left his Abercrombie & Fitch cologne behind. Each group has its stories. Most cannot be repeated, but just ask Tyler Katzenberg how he stayed warm around the campfire, or how Alex Greenberg received her nickname. Though we entered the woods with excitement, when the bus departed many of us questioned how we got into this mess, wanting to click our heels together and repeat "There's no place like home." We were clueless as to the experiences we would gain, the ties and connections we would create, and the lasting memories we would behold. "I am glad I did it, partly because it was well worth the experience but chiefly because I shall never have to do it again." – Mark Twain.

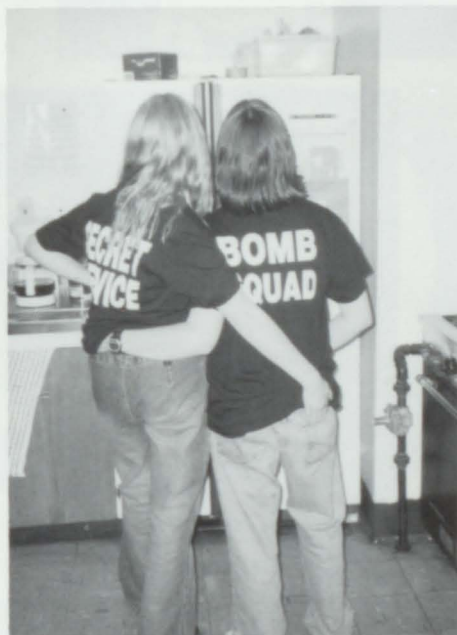

## Sophomore Four Point

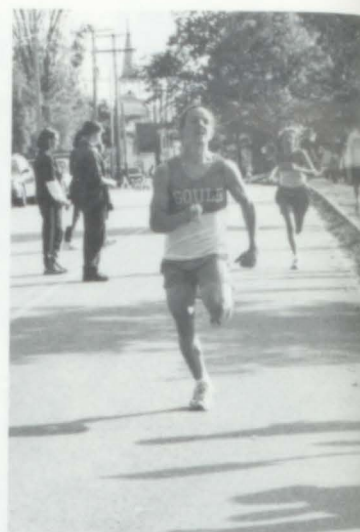

This year's sophomore focused their four point efforts on Habitat for Humanity efforts in three southern New England cities. Mr. Carlson, Doctor O, and Madame led a trip to Lawrence, Mass., where the group found itself taking down two very large spruce trees with a very small margin of error. Another "highlight," if it could be called that, was spending the better part of two days shoveling excess gravel out of "The Pit" and hauling it to the big pile upstairs. Ms. Coulombe, Mrs. Gardner, and Mr. Zicarelli headed to Rockland, Mass. Their group became well-skilled in the art of framing and learned just how important a sixteenth of an inch can be. The third group, led by Mrs. Alford, Mr. McLaughlin, and Mr. Siekman, ventured into the 'hoods of Hartford, where they completed a wide array of odd jobs, including work on the very house Gould seniors started on two years before. A high point was when the group donned white protective suits and duct tape and, feeling like Dustin Hoffman in *Outbreak*, spread toxic sealant all over a foundation – using their hands because it was too cold to use the paint rollers that had been provided. Although many of this year's visitors to Lawrence, Rockland, and Hartford may have returned covered with granite dust, splinters, or black gunk, respectively, most returned to Bethel feeling they had accomplished something worthwhile.

# Day Students

This is dedicated to the few nameless souls that decided to move a small blue car in the parking lot on May 18, 1999. You know who you are. If you don't remember refer the day student photo.

Everybody on Earth has, by now, submitted themselves to the fact that Day Students are the best people in the world. This year Mr. Jim Sysko expressed his appreciation for this exceptional group with his construction of Angus (not Graham (heavens no!!)) the world's largest snowman. Dr. Dresser also showed his appreciation of the students with several benedictions concerning the operation of fine day student automobiles. To live in Bethel is a grand, grand thing; Mr. Brooks can attest to that. This year's day students are undoubtedly the embodiment of that divine enlightened spirit that resides in the town.

# Proctors

This year's proctors had a lot of goals for the senior class's role in the school, and for Gould in general. And despite what Mark Balcar might say, we had success in achieving those goals. We made the rounds six nights a week to make sure 170 kids were in their rooms at 7:00 and again at 10:00 to get 120 kids into their beds and quiet. That's about 52,200 check-ins between us this year, or 4350 per dorm proctor. Beyond that, we put our energy into everything from coordinating dish duty, to helping kids get to know one another better, to organizing day student activities and concerns, to helping resolve dorm disputes. And the legacy of leadership will continue.

# The Skateboard Team

The skateboard team stretched, ran, traveled to Portland, Berlin, New Hampshire and Sunday River Area to skate. We designed and built a skatepark behind Ordway Dining Hall which includes twelve features.

## International Students

## Reachout

Reachout has had another very good year for participation and fundraising. Several new members added their energy and ideas. We raised several hundred dollars for UNICEF and the American Red Cross. Local Businesses donated gift certificates which we raffled off. The book sale earned enough money to allow us to send donations to many causes such as the American Cancer Society and Habitat for Humanity. We continue to sponsor three children through Children International. Reachout always participates in the annual Walk America campaign in April.

## Gold Key

Thanks to the efforts of the Gold Key Volunteers, Gould Academy hosted over 400 guests during Reunion Weekend 1999. Trustees, alumni/ae, parent volunteers, and faculty extended appreciation to the Senior Gold Key members who waited on tables and helped Gould begin the Campaign for Gould Academy's Future with a grand celebration. Many thanks to Scott Roy, Desiree Plata, Justin Gray, Courtney Wilkinson, Damaris Drummond, Marc Balcar, Allison Stevens, Matt Noeker, Erin Cianchette, Robin Gherner, Tate Lacey, Seo Hee Koh, Trever Fisher, Andy Bluestein, Jenny Mae Wheeler, and Caroline Riss! Many of these seniors joined Gold Key volunteers from other classes helping to set up activities for alumni/ae children, guide alumni/ae to various events, and assisted with the details and logistics necessary to host a spectacular weekend - William Kellett, Angus Graham, Erin Curry, Jon Gould, Molly Gray, Sarah Marshall, Chelsea Marshall, Mike Ricker, Samantha Peabody, Patrick Donovan, Scott Roy, Juliana Montgomery, Brianna Trundy, Alice Powlen, Eric Hanian, Eric Cheney, Will Schmitt, Emily Parsons, Nathalie Rodenberg, Adora Burke, Emily Drummond, and Charlie Hitch. Gold Key volunteers went on to assist Mrs. Todd and Mrs. Clough with the Auction on Parents' Weekend in October. Throughout the year Gold Key student volunteers assisted the Office of Alumni/ae Relations with mailings - thank you Gold Key!!

## Blue Key

65 Blue Key volunteers had the enormous task of providing over 300 tours this year. The admissions office would like to extend their heartfelt thanks to all the guides who generously gave their time. We will especially miss the seniors who participated: Erin Cianchette, Ben Drummond, Damaris Drummond, Megan Flaherty, Whitney Dwyer, Bill McCloy, Caroline Riss, Liz Rosenthal, Kevin Broderick, Carl Burnett, and Allison Stevens.

Our Blue Key Guides do an exceptional job and always get great compliments from the prospective families whom they tour. Thanks for a great year and we are looking forward to returning our underclassmen.

## National Honor Society

We had a small but loyal NHS group this year, consisting of Jed Beach, Kevin Broderick, Carl Burnett, Sarah Paul, Desiree Plata, Brianna Trundy, Jenny Wheeler, and in this picture, honorary member John Lynch. We put our energy into such projects as tutoring, running the annual food drive, and coordinating end-of-year activities like the luau weekend, the Gong Show, and The End. Our other accomplishment was to increase our numbers for next year, when Jed will be the only returning member. As Sparty so aptly put it, "Our strength in numbers this year is matched only by our depth of involvement." Thank you, King of Irony.

# Costa Rica

Well, we braved cockroaches, malicious drivers, *viejos verdes*, imaginary snakes, hauling sacks of dirt up mountains, and more beans and rice than ever imagined possible in our search for discos, mountain vistas, fresh coconuts, beaches and body surfing, and, of course, the Perfect Tan. Some of us have learned valuable lessons: Those little packets the airline company gives you at the beginning of your trip contain *two* tickets, not just one-way. Airplane windows definitely cannot be opened. Milk trucks can save the day. And, of course, chiggers are just plain bad news.

We swam in the warm rivers of the central mountains. We have drunk the nectar from fresh-cut sugarcane. We have discovered the peace of the Costa Rican hammocks. We have met strange and incredible people who walk through the rainforest barefoot, summon alligators at will, and climb small trees like monkeys. We have seen scarlet macaws and sloths. We have sipped the milk from wild coconut. We swam. We surfed. We have done all of this, and in the process found, or at least experienced, *Pura Vida*, the Pure Life. We have been to Costa Rica.

Many thanks to Ms. White and Mr. Janicki, who made it all possible, and guided us through our adventures.

# Ski Patrol

"Have you seen this year's NOLS catalogue?" "Why yes! There is a picture of a fine strapping young man w/ a SR hat on...It's on my wall!" "Was that William?" "Nah - I think he's still fixing those TADs on L2." "What was he doing on the mtn. w/out snow? Shouldn't he have been putting the ski back in Ski Patrol. "Ski? Did someone say ski?! Chris Brooks skis sooooo well!" "Where's John Kim?" "Getting coffee and fish." "HEY! Did you see my new shades?! They're ugly. But hey, they keep the sun out of my eyes! Did you see Nash in that NOLS catalogue?" "NASH...THE Nate Nash!?! Hold on...I can't have him. He knows Des and Sarah. I'm sure he thinks they're much cooler w/ their hot red jackets." "I hope I get mine soon. Wait - is she doing a code before I am!?! Uh...got to go..."

Thanks for a great year. You guys are awesome so Stick w/it!:o) love S.C&D.P

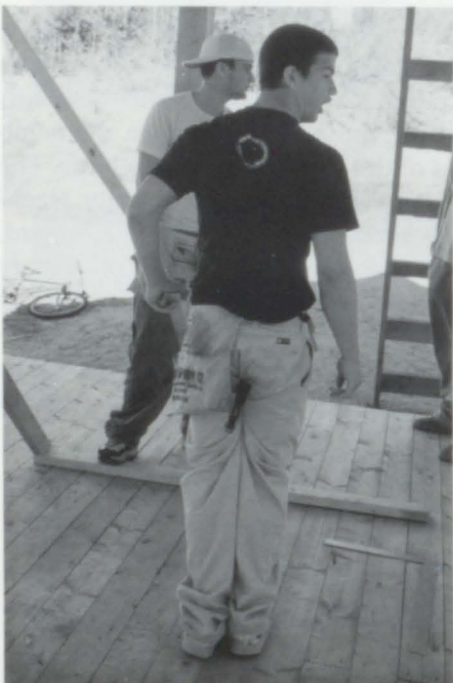

## Rugrats

Once again, the impact of the RugRat program on the Bethel community was significant. This winter, the demands and responsibilities placed on the members of the RugRat staff were huge. The RugRat staff was responsible for teaching and keeping safe nearly 200 third, fourth, and fifth graders. The twenty Gould ski and snowboard instructors worked extremely hard, and they deserve much praise. They made a positive impact on the lives of many grateful school children.

# Outing Club and Barn Workers

## Rockclimbing

## GOLF

Max Otte had a hole in one to qualify for the Maine State Tournament. By the end of the season Max Otte, Chris Buckley, Collin Bedell-Healy, Chris Liberti, and Seung Ho Lee were averaging better than fifty for nine holes. Three freshman Dustin Holzweiss, Chrissy Liscombe and Richard Cogliano joined the team and made tremendous improvement. Matt Lewis, Robert Liscombe and Dan Coffey scored numerous points in the many victories for the team. The captain this year was the incredible Chris Buckley. Gareth Kucinkas coached the Gould golfers through a 7-1 season. Good job golfers!

# JV WOMEN'S SOCCER

The JV soccer team had another winning season. It ended blissfully by winning the MAISAD championships. The team enjoyed many treats from the Currys. We relished in luxury at the Manning's with cookies and movies galore!!! The team will miss its two departing senior captains Seo-Hee Koh and Brianna Trundy. Even though the team suffered many injuries (some from their own teammates, Alex Greenberg), we still succeeded together. Stella: We all know that you did not say anything to the Hyde girl. Thank you to our fans, parents and faculty who supported us. We couldn't have done it with out you!!

# 

The girls' varsity soccer team had a great season with an 11-1 record, placing first for the MAISADS. We out shot our opponents by at least 20 shots a game; except for our one loss. Everyone on the team worked very well together. We were fast and had great ball skills. The weekly sprinting tests sure paid off! Our offense never stopped taking shots, while goalie Natalie rarely touched the ball, having seven shut outs!!! Next years season looks like a good one. We will miss our five departing seniors – captains Flaherty, White, Plata and the one and only Damaris Drummond and "miss late" Sarah Crocker. Thanks to our manager, Sherman, who escaped frostbite because of her sleeping bag. Ms. Head and Ms. Cool-Home; Thanks for a great season, those UNC books really helped.

# JV FIELD HOCKEY

JV Field hockey had a great season ending with only one prep school loss to a vicious Holderness team. Dana was an awesome goalie with 41 saves in one game! Nell, Emily, Chelsea and Megan were all crazy defenders. Christiana and Sarah played link. Patty, Jenna, Sara and Talia were chilln' on the front line. We had such an incredible season with the help of our incredibly understated and outstanding coach Ms. White. She listened to us wine and complain the entire season but we ran our laps. We all know Jenna scores goals at the suggestion of no practice the next day.

Some highlights were when our steller player Sara White scored in Ms. Whites words "the smoothist goal of the season." This beautiful goal allowed us to tie Brewsterin our last game. Talia's touchdown dance, Dana's saves, WATCHOUT!

Thank you to Mr., and Mrs. Riss, and also to the Rosenbergs for their fine cuisine and hospitality. To all of the swingers and coach White Thank You!

## VARSITY FIELD HOCKEY

Varsity field hockey had another winning season with a record of 8-3-1. For the fifth year in a row the Gould field hockey team won both the MAISAD league and tournament. They were also invited to play in the NEPSAC tournament for the fourth year in a row. The captains this year were Payson Halsey and Jenny Wheeler. Other seniors on the team included Amanda Barrett, Erin Cianchette, Caroline Riss, and Liz Rosenthal. Field hockey will continue to be a strong team next year due to all the talented juniors on the team and the fact that the team is RED HOT FOREVER!!!!

## JJV SOCCER

JJV soccer had a tough year, but we put effort into the season, improved a lot, and had some good times. There's Rex Kim! "That boy got wheels!" He was our leading scorer with five goals. Will Schmitt, Adam Stout and Greg Bryant lead the defense. Jed Beach and "Speedy" Pete Strazza were the wheels of the team at halfback. We weren't a team to back down to our opponents. Our toughest player "Mean" Chuck D. got a yellow card for intimidation. We felt good to go and win our last game, but Tilton backed out at the last moment. All in all, it was a solid year. We would like to thank Coach Janicki for all his teaching, and of course our favorite little runs "Follow me boys." We would also like to thank Mr. Clough for the use of his backyard.

## MEN'S JVA SOCCER

The junior varsity soccer team had a excellent season this year with a record of 11-0-1. The defense only let in one goal the whole season which was scored by our sweeper in the championship game. Emmett Donovan was the leading scorer on the team with 14 goals and had the best goal of the year when he one-timed the ball on a well crossed ball from Ryan Wheeler in the Semi-final game against Waynefleet. The team played very consistently throughout the season under the watchful eye of coach Shifrin. On the field, we were led by captains Tristan Fischer and Josh Gray.

# MEN'S VARSITY SOCCER

The team led by captains Tate Lacey and Matt Noeker had a disappointing season. We did not reach our goals, but always had fun, and will always remember the great moments: Small's yellow card, Nate's back, "Get your Felton's", the broken legs, the red cards, Hall's goal from Ezra, Nate's SoBe bottle, VOLLEYBALL, Jock Jams, Jimmy, our barn, and of course the defeat of the faculty at the end of the season 3-2. Everyone involved will remember this group of men. We all want to say Good-bye and good luck to Coach Small and Coach Swett.

## XC RUNNING

The Cross Country runners were an eccentric collection of rugged individualists. From Jason Perry to Janka Husarova and from Maria Cornwell to Eamonn Donovan, we ran the gamut of Myers Briggs personality types. As the season went by, we also became runners. The season's high point had to be Annie Kennett's awesome defeat of her Hyde rival in the Championship race. Annie dominated that race on the same course where she had finished a distant second a month before. Meanwhile, freshman Erika Hoddinott, who had gotten LOST on that course the first time around, finished in eighth place to earn a medal.

In the men's varsity race freshman Evan Daigneault finished in sixth place to earn a medal. Mike Ricker and Eamonn Donovan also ran strong races against formidable opponents from Elan and Hyde. Upon recovering from their shock at being asked to run in the varsity race, Bobby Bruce and Tim Hall each put forth their best races of the entire season. This team shows great promise for the next three years!!!

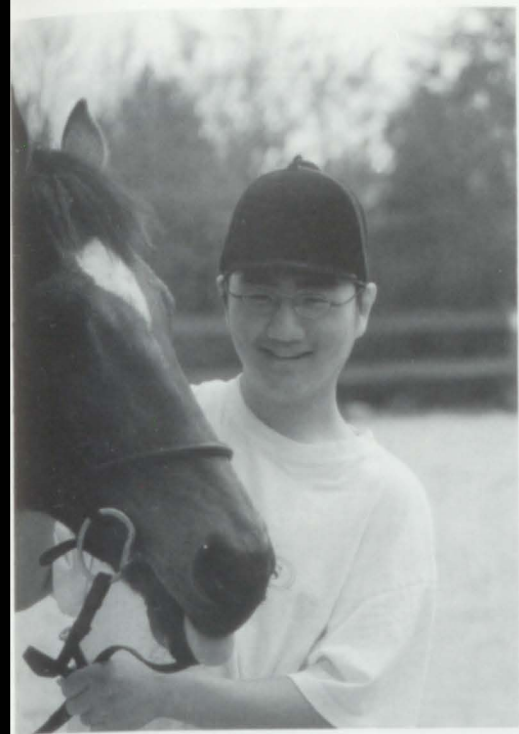

# Mountain Biking

The Mountain Biking Team had a great year. We dominated the "A" series, winning the season by a couple hundred points despite missing the first race. Either Mark Paaso or Justin Hautenami won each race we competed in, with the exception of the race that they tied for first. We also had some strong placement in the "B" series, with Andrew Drummond capturing several podiums and Catherine Dudley finishing first for the women in all of the races we entered. With the added support of Mr. Manning as an assistant coach, we had the largest Gould mountain biking team in history. A very large percentage of the team contributed (and Sparty even scored some points on Team Proflex). Though the loss of Shimoda prices™ on used parts was a loss to the team as a whole, Barrett was quick to step up and offer parts off his bikes for sale (and/or whole bikes). Special thanks to temporary coaches Chamberlain and Bean for their support while Coach Yingling was in France. Surprisingly enough, the best crash award this year does **not** go to Brad Cunningham. It goes to Coach Yingling, in conjunction with the award for quickest tube change demonstration. Awards went to Justin H and Catherine. Chris Monaco is the captain-elect for next year.

## HORSEBACK RIDING

Returning riders Scott Roy and Elizabeth Burton were joined by Alex Strong, Meg Hammond, and Anna Clark for a dry, sunny season. We rode four afternoons a week and watched the new barn be built at Deepwood Farm. Meg and Anna each brought a horse, and both horses and owners learned a great deal!! Anna's Fjord pony, Jubie, and Meg's big draft/thoroughbred cross, Bo, looked wonderful standing next to each other! Riding to Tut's Store for ice cream early in November was a highlight, especially as we discovered which horses like which ice cream flavors. We rode in a constant downpour at Esprit Equestrian Center, our first show. The riders did very well considering the stress and discomfort – also shared by the horses! At Noble Dream Stables the next weekend, however, we shone. After discouraging first rides, Alex and Meg went back and rode even better. Anna and Elizabeth stayed firm and consistent, and Scott had the two best show rides of his three years. His training Level I Score of 63.7 is the highest a Gould rider has earned in dressage. Special thanks to Mrs. Baker for her help.

# Men's Basketball

With a record of 7-8 the Gould Academy Men's Basketball team was full of determination and good times. Every player contributed to our success in earning a playoff spot against Kents Hill at the year's end. In an away game against Eastgate we managed to clutch a victory with an intense 4<sup>th</sup> quarter comeback, 75-60. Another highlight was our upset of Averill, 48-38. These games highlighted our efforts throughout the season and proved that Gould Academy does indeed possess some basketball players. Kents Hill better watch out next year because Gould Basketball is becoming a force to be reckoned with.

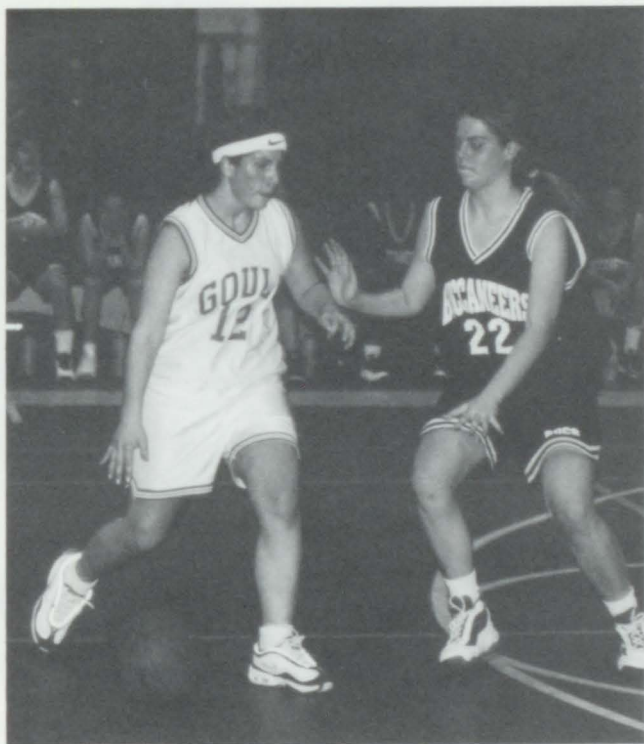

# Women's Basketball

The season is best described as a rebuilding year. Long after the scores have been forgotten we will remember a year of tremendous growth. Everyday each player improved her skills. The highpoint of the season was our near win against Greater Portland, when we lost by 3 points. We had them on the run, a few more minutes and we would have won. Although our record wasn't outstanding our team spirit was. In spite of some frustrating moments we still managed to have fun. One thing is for sure - you can never play too much Knock Out.

"And all the time Winnie-the-pooh had been trying to get the honey-jar off his head. The more he shook it, the more tightly it stuck. "Bother!" he said, inside the jar, and "Oh help!" and mostly "Ow!" And he tried bumping it against things, but as he couldn't see what he was bumping against, it didn't help him; and he tried to climb out of the Trap, but as he couldn't see, he couldn't find his way. So at last he lifted up his head, jar and all, and made a loud, roaring noise of sadness and Despair..." Winnie-the-Pooh

# Alpine Ski Team

Pre-season efforts and regular-season performances brought record levels of post-season success for GSR athletes. Thirteen Gould skiers raced in the Junior I & II Olympics at Lake Placid, New York. Ben Drummond finished second in the downhill and Keegan Burke was third, a tremendous finish for Gould. The next day, Ben kept up the pace, finishing third in the super G. Ben's four-event results were good enough to land him on the podium again with third place overall. At the J I & II Finals held at Sugarloaf, Kevin Broderick won the prized Sportsmanship Award. Carl Burnett spent most of his winter training and competing with the U.S. Disabled Ski Team, both domestically and abroad. When the World Cup ended in late February, Carl was ranked ninth in the overall standings. At the U.S. Disabled Alpine Championships, held at Breckenridge, Colorado, Carl captured third place in the mono-ski division in all five events, placing fourth overall in the second downhill and sixth in the super G.

The 1998-99 school year saw a small group of eighth graders come to Gould for the winter term. Seven athletes, including three of the four eighth graders, competed in the J III Olympics at Okemo, Vermont. Adora Burke, Spencer Cowin and Leo Menard recorded multiple top-fifteen results. Adora received the Sportsmanship Award. Eighth-grader Billy Murphy turned in his best performance of the year at the J III Finals the next week at Lake Placid, capturing second place in the super G.

Both the men's and women's alpine NEPSAC teams walked off with league championships. For the women, it was the fourth title in as many years, and it was the second year in a row for the men. At the MAISAD level, the women's team won the "A" Division championship, and the men took second. In all levels of competition, Gould skiers met with success on many levels.

# Freestyle Skiing

The Freestyle team had another excellent year led by the two fearless captains Justin "I Hit my Head Again" Hall and Bill "Big Bad Jungle Boy Bill" McCloy. Throughout the season during regional competitions, Gould finished with skiers in the top three at every stop on the circuit. Gould swept the top three at both Sunday River meets in both duals and single moguls. Jackie "Sassy" Paaso and Marty "Belt Buckle" Odlin made it to National Championships where Jackie finished an awesome fourth and Marty a super 22<sup>nd</sup>! The field was stacked with top skiers in the world. Eric "What's my name?" Hanian, Eddie "Half-nelson" Keiser, and Kevin Hanian improved and moved up in both the east and in the country. Mark "Shotgun" Paaso, Josh Bowen, Jon Early, Andy Bleustein, Geoff "I Eat Fluffy Bunnies" Hayward, Remy "The Kickboxing Canuk" Kahlil and James Baxendale kept the team laughing with their unique insights on life. Jeremy "Junk" Cowin, Chris "Moseley" Brooks and Rory "The East Coast Terror" Will hucked their ways toward the X-Games with Rory placing fourth in the finals.

We would like to thank Coach Yingling, Bean, Andrews, and Leighton for an awesome season. We would also like to thank Mr. Paaso and the Langley's for all their help throughout the season.

# Nordic Combined

The Nordic team had a productive and fun year. Even though we had only two seniors in our midst, and many eager beginning skiers, we still were able to finish at the top of many of New England's most challenging races.

With a lack of snow well into January the season began with a long dry-land training program. Roller-skiing, running, we turned our ski skills even without skiing on snow. The beginning of January brought plenty of snow, and our racing season began with the John Sassi Memorial at the trails of Black Mountain in Rumford, site of this years U.S. Nationals. We placed strongly all the best skiers in Maine. From there we raced in The Flying Moose Classic, a tough classic race here in Bethel, and a few more tune-up races before NEPSAC's.

Racing on our home courses, NEPSAC championships was indeed a culmination of the teams hard work and training. Many skiers on our team had their best race among New England's top private school competition. Placing third behind two powerhouse schools, Holderness and Putney, our skiers skied beautifully.

A young team, we are already gearing up for next year. Thoughts on summer training are being discussed and processed. Next year should be even better.

The Jumpers were also hindered by a lack of snow, but once it came they took to the NEW jump and produced impressive results at the NEBSAC tournament. The team members all jumped well, and it was due to Pat Donovan's stylistic and long jump the team was able to bring home the men's NEBSAC championship!

The season started out slow but we all managed to turn out on top. The USSA team members include, Lydia Mills, Megan Paquette, Talia Connery, Max Otte, Jamie Hammond, Dustin Holzweiss, Alex Kroth, and Thomas Parsons. USASA team members include Sara White, Kendrah White, Stuart Klanfer, Jason Eisenberg, Greg Perchik, Max Swoboda, Colin Baird, Kevin Wright. The Nationals were held in Telluride this year. Lydia, Megan, Kendrah, Thomas, and Dustin all competed. Thomas placed 2<sup>nd</sup> in bordercross and 7<sup>th</sup> in slopestyle. Thomas's end result was 2<sup>nd</sup> overall. Dustin placed top twenty. Both Thomas and Dustin competed in 14-15 age category. Lydia placed 7<sup>th</sup> in slopestyle, Megan and Kendrah both placed top twenty. All three competed in 16-17 age category. Special Thanks goes out to Jason, Judah and all our dearly missed friends at Telluride. Thanks to Dustin's mom and dad for caring during the nationals. Goggles down props to Max Otte and Sara White who made it to the nationals, but because of an inconvenient misunderstanding did not get their invitations. Special days include Borderfest at Attitash and slipping on the icy hill. We're sure that no one will ever forget the live, uncut vocals presented by Jamie Hammond from the back of the bus! Thanks the King of the 80's for all those Dunkin' Donuts! Please anyone, "Take away this ball and chain, It's the story of my life!" - SD A special thanks goes out to Coach Scooter and Coach Den Den. Ride Hard FTRC...Long Live GSR!

## Men's Varsity Tennis

Tate Lacey and Kristian Knights wound up with an undefeated season. Knights and Lacey were two of the finest tennis players demonstrating superior sportsmanship and holding their composure like no other. Well, some of the time. The singles team was rounded out by Borja 'the foreign kid' Agullo, who added a nice Euro touch to the team. Matt Linn proved to be one of the most exceptional stationary players at times, but he rallied when the team needed him most. When not plagued by back injury, Nate 'Fish-a-Lish' was a valuable competitor. Undefeated duo Tyler Katzenberg and Jamie Grantham showed great finesse, agility, and speed on the court ... well, not always, but they did have an undefeated season until the MASAID championships. Good work! Dan 'Coffee Beans' wore his cut off 80's tee-shirt and Kevin Wright and Gregg Gibbons were always on the side as healthy reserves. To top off the team was head coach Shif-Dog who proved to be a better STAR WARS watcher than tennis player.

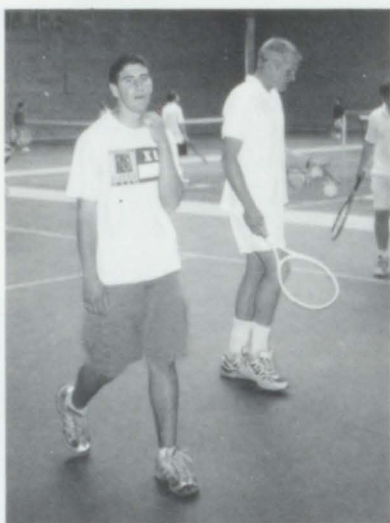

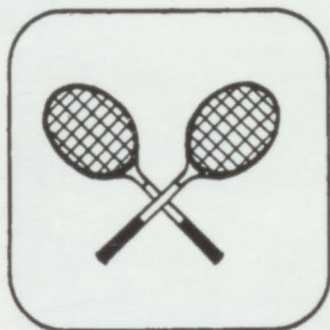

## Men's JV Tennis

It was an interesting and enjoyable season for J.V. Tennis this spring. The weather was beautiful and all matches were held as scheduled. We played a very talented Waynfleet team to whom we lost twice. We also won one game against Hebron and one against Kents Hill. All of the players worked hard and improved considerably as a result. Though the record was a disappointing 2-4, the season should be considered a success. The highlight of the season was Will Schmidt's perfect record as the number 1 single's player. We'd like to thank our coach Mr. Siekman for a great season.

## Women's Varsity Tennis

The women's tennis team had a building year. Though the team did not win any matches this year, each player made outstanding personal improvements. The team will miss Whitney Dwyer next year and only wishes she'd been a part of Gould Academy tennis for more than one year. Next year the more experienced team will return to the courts with a good shot at winning some MAISAD matches.

## Women's Varsity Lacrosse

The lady Huskies had an awesome season this year. It was one of the best seasons in the last four years. We started out a little rough, but once we smoothed out the rough edges we took off. We worked hard at every practice, though we found a way to make it fun. We went hardcore this year. From hot and sunny to down pours, we found a way to make it one of the best parts of the season. Our highest scorer for the season is Megan Flaherty with 44 goals. Laura Jenks took second with 37 goals, Jackie Scully with 32, Katie Davisson with 21, and Caroline Riss with 17. In goal, Chelsey Bartlett backed us up with 104 saves! To end it off, we beat Kents Hill to win the

Semi-finals 12-5. For the finals, we played Hebron and won 12-9. We finished off our season with 11-2. We're an awesome team, and we all got along. It couldn't have been any better. Good luck next year to all those coming back and to those moving on. No Katie, we can't have a sports bra practice! Oh, and Natalie, Do you have your sports bra on??

## Women's JV Lacrosse

"This isn't field hockey girls."

It sure isn't. We lost our one and only game to Proctor, 8-4, and dominated the field for every other game. Look how far we have come from not being able to catch, throw, or cradle! Despite the injuries we encountered – shin splints, bad knees, and balls caught in bad places – we had a great deal of fun. In fact, we had an awesome season thanks to Coach White. We will miss you!! Thank you Varsity Coach Gardner for showing us how this sport should be played. And if we come away with anything this year it will probably be 1) watch out how many "bubbles" you pop, 2) never stand anywhere next to Sarah in Freshman Brook, and 3) ALWAYS wear spandex. Super-Duper job girls!

## Men's JV Lacrosse

In 1999 a young, but intense group of boys came together to become one of the best JV Lacrosse teams their coaches had ever seen. While their one win of the season, an overtime thriller, was overshadowed by many losses, the year was a success. Every practice, every game, the team showed up ready to play and give their best. Tournament time; Gould couldn't nail down a win. However, with the exception of one game, every single match that was played that day was decided by one goal; evidence of a very competitive league, where any team had the chance to come out on top.

Unfortunately, there is too much post-season praise to give to each of the twenty-seven athletes in this short passage. Congratulations to Adam Stout, the JV Award winner. Thank you to Mrs. Baker, our excellent timer. The coaches are looking forward to seeing this group on both the JV and Varsity season.

## MENS VARSITY LACROSSE 1999: LOST AND FOUND

Mr. Clough opened the 1998-99 school year by introducing the student body to Robert Frost's poem **Directive**. Using the poem, he led all of us to consider the idea of loss, and he may have even challenged us to lose ourselves in order to be open to what the school year would bring. He almost suggested that it is a necessary step, if we are to move forward and understand the nature of ourselves and the nature of the experiences around us. What would we discover this year?

The Men's Varsity Lacrosse team discovered that the difference between a winning record and a losing record is one or two goals. They dropped two games to Hebron by a goal each, and lost an 11-9 early season contest to Kents Hill. A four-goal difference in these games for the huskies may have added three wins to the final record of 2-7. The team was ably led by three-year starter Captain Corey Felton who overcame injuries and a late season start to finish with 12 goals and 3 assists. He also received the '99 Sportsmanship Award. Senior Midfielders Noah Smith and Dave Styles each had 7 total points, and Dave received the Banker Award for his contributions as a goalie, an attackman

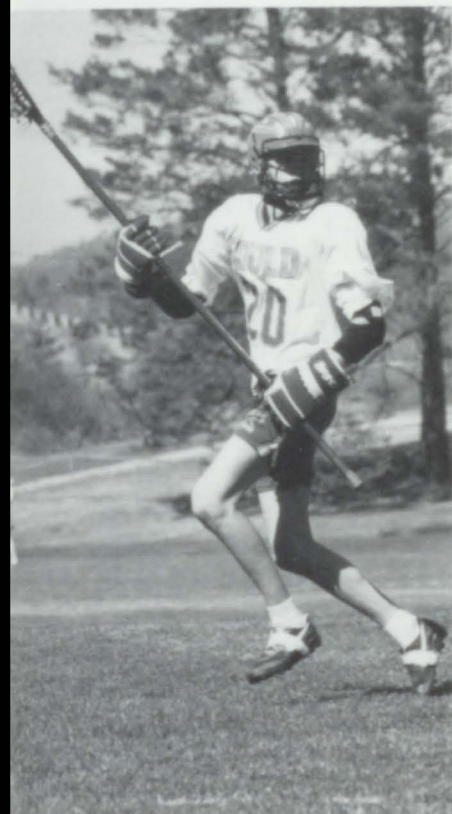

and midfielder over two years. Fellow seniors Bill Scott, Sparty Broderick, and Alec Voorhis all provided midfield depth, and fellow midfielder James Wilcox received the Most Improved Player Award. Rob Liscombe returned as a senior defenseman this year. He made a solid contribution after being out for the entire '98 season with a serious leg injury.

With 12 returning lettermen, the future does look promising. Orlin Watson returns at attack having scored 15 goals and 1 assist. Angus Graham who finished the year with 6 goals and 11 assists will join him. Fellow midfielders Seung Ho Lee, Jack Henderson, Tristan Fischer, Eddie Keiser, Possum Monaco, and Matt Macko should all make contributions next season. The defensive strength of the team returns intact with goal tender Gus Levy, defensemen Ronan Donovan, Reggie Peter Waitkun, and Captain Elect Andrew Drummond.

Although the team had higher expectations for the 1999 season, which was peppered with the ups and downs of losing, the sport of lacrosse is fun, and the game invites players to improve. It is difficult to lost, but this team has tasted it. Looking back, the team knows that there is not always a reward for effort that is made, and showing up will not guarantee a strong performance, looking ahead with these lessons learned, the players are right where they need to be. ... *Here are your waters and your watering place. Drink and be whole again beyond confusion.* – Robert Frost, **Directive**.

*The Road there, if you'll let a  
guide direct you  
Who only has at heart your get-  
ting lost. ...*

– Robert Frost **Directive**

## Varsity Baseball

The Varsity baseball team was a great blend of classmen, seniors, Ben Drummond (capt.), Justin Hall (capt.), Justin Gray and Chris Brooks, juniors Eric Hanian and Eric Cheney, sophomores, Patrick Donovan, Josh Gray, Keegan Burke, John Lynch and Ben Murdock, freshmen Emmitt Donovan, Kevin Hanian and Chris Gould.

We have the MAISAD playoffs this Sat. at Kents Hill. Highlights so far: a 6-2 victory over Winthrop, Pat Donovan and Chris Brooks combined on the mound for the pitching victory, Justin H., Keegan and Pat ripped triples, while Eric C. drove in 2 runs. In a game vs Hebron, Keegan Burke blasted two home runs into the road, one which was to straight away center. At Kents Hill Pat, Keegan and Justin H. combined to strike out nine in five innings of 16-0 victory.

We concluded our Baseball season yesterday, with a 6-3 loss to Hebron and a 12-8 victory over Kents Hill. In the game vs Hebron, Justin Hall, the first batter of the game, hit a home run, helping us lead 3-1 after 5½ innings. But as has been the case all year (we have led every game except one this year) we were unable to maintain the lead, surrendering 5 runs in the 6<sup>th</sup> for the 6-3 loss.

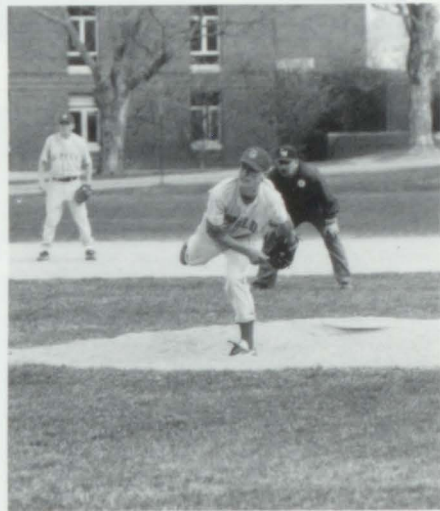

In our final game, our seniors pitched us to victory. Chris Brooks, Justin Hall and Ben Drummond combined on the mound for the win. We finish with a 3-7 record.

# JV Baseball

The JV baseball team finished the season with a 3-4 record. We defeated Kents Hill three times, twice at home and once on the road. The highlight of the season would have to be turning a double play on the last game of the season in a come from behind victory against the improved Kents Hill JV squad. After a season's worth of practice, we were beginning to show moments of poise and confidence on the field.

## Softball

"I have this thing where all I can think about is the beauty of the sky. It's not a problem though. I LOVE IT! I can't think of anything else! – but what else is there in life except the beauty of the sky?"

Ahh...the beauty of spring. The birds' song in the air, the sweet perfume of fresh cut grass, and the return of the crack of aluminum against the SOFTBALL!! Now, when one thinks of softball, does she dream of the beauty of the sky? Perhaps; if she is a lacrosse player. She thinks of the sky, because she has no notion of the intensity of softball. The explosion between the bat and the ball creates a cascade of thought in the fielder's mind. She holds her breath, steps backwards and runs sideways simultaneously, thrusts her glove towards the ball with a burst of energy, and listens for the smack of the ball in the leather. There it is. She inhales the air's sweetness – a breath just deep enough for her to say in her mind, "You're out." If this woman of softball had been thinking of the beauty of the sky, her moment of glory would have hit the ground

behind her and to the right with a thud. Softball has an intensity that only its patient and ferocious players can understand.

We have swung at the high ones and we have missed the high ones, but let me tell you, we've also cranked the high ones. Here's to ice cream, worm holes, busted hands, elbows, heads, the nurse, homework, practice, and coach; the most patient softball player around. The softball team was tenacious and strong spirited this year. A couple of one-run games seem to take away the value of the season, but never forget holding your breath, the glory, and afterwards the beauty. ('Cause honey – we's better lookin')!

## Cycling

Cycling seems to have reached a turning point in its existence here at Gould. Most of the participants are in it for reasons other than training for a road racing experience. Hopefully, the sport will be able to adapt to the new demands that seem to be placed on it. Our season is short. It is usually cold and wet, and it comes at a time when the roads are at their least attractive as the winter cracks are disguised by left-over sand. We witness the slow recovery to the late spring's green and are rewarded by the returning warmth. Maybe that is how it is supposed to be after all.

## Mr. Shifrin's Advisee Group

The Shifrin advisee group all entered the year new to Gould Academy. We found our way to assembly and then branched out to find a place in the community. Along this journey, several cookies were consumed, Mr. Shifrin destroyed Todd in sega hockey, Paul and Max came to assembly on time, Collin grew mentally and physically, Teppei crawled out of bed for breakfast once a week, Dan worked his way out of Proctored, and Ryan was our lone day student representative. We leave the year with more experience, a little wiser and ready for the future.

## Mr. & Mrs. Alford's Advisee Group

The 1998-99 incarnation of the Jefes' advisee group comprised a group of talkers and a group of listeners. Andy would talk to you about firefighting, or Martha's Vineyard, or anything else for that matter, as long as you would listen; Carl would go on about skiing until long after his audience had lost interest; Brian would discourse on "The Simpsons" or "Futurama" until the cows came home; Katie Lightbody would chat about boys until she was blue in the face; Alex just like to tell us about herself. Jason and Joo-Nam would converse, too, but it was in Korean so it's hard to say what they talked about (the consequences of the two times all year they were late for assembly, perhaps). Christiana and Sarah made up the quiet component of the group, sometimes leaving us to guess what was going on upstairs. As for our fearless leaders, they definitely belonged to the group of talkers. If the topic was calculus or woodworking, Mrs. Alford lectured to infinity and beyond, and as for herself, well, let's just call him El Gran Charlador de Todo—the greatest talker of them all. We all had great fun eating each other's words, some of which we will not soon forget.

B. Capone, E. Curry, E. Hoddinott, C. Marshall, K. Nichols

## Ms. Coulombe's Advisee Group

The Coulombe crew had the best seats in the house for morning assembly, although those that were habitually late might disagree. We were new, so we all struggled with the dress code, dish duty obligations, and getting to assembly on time. Our advisee functions were always centered around food – donuts and bagels sure seemed to be our favorite.

## Ms. White's Advisee Group

This year our advisee group has grown from the meager number of three. We've enjoyed all of the new additions. Off to college go Sara, Justin, Amanda ... and Ms. White!!! Ms. White's going to miss Gould however she may come back someday with her doctorate in Spanish. We've enjoyed lots of good food this year and even an Ani DiFranco concert! Thanks for all of the support Ms. White. We know its been rough with some of us, but somehow you maintained your cool. Good luck next year to each of us as we go our separate ways.

Sally Kim is working hard on her courses. She will have one more year also. We are joined this year by sophomore Kristen Pitcher and Silas Ray. They have both made contributions to our advisee group."

## Mrs. Pooley's Advisee Group

Once there was a tree...and she loved a little boy. And every day the boy would come and he would gather her leaves and make them into crowns and play king of the forest. He would climb up her trunk and swing from her branches and eat apples. And when he was tired he would sleep in her shade. And the boy loved the tree...very much...But time went by. And the boy grew older. "I am too old to play," said the boy. "I want a boat that will take me far away from here. Can you give me a boat?" "Cut down my trunk and make a boat," said the tree. "Then you can sail away...and be happy." And so the boy cut down her trunk and made a boat and sailed away...

## Mr. Baker's Advisee Group

It was another year filled with advisee functions. Each individual brought his or her own special opinion to the circle of knowledge known as the Baker advisee group. A theme followed each trimester. In the fall the voices of Anna and Noeker rang throughout Bingham not in anger but in love. In the winter it was the constant question asked by Baker himself every week: "Have you guys ever heard of afternoon study hall?" Early morning assemblies in the spring brought the attendance of less than half of the members in the clan. Still, those who showed gave great insight on what was a good and what was a "beat" assembly. Though we lost Anna halfway through, which left an all-boys' group, the Baker connection was still very much apparent. Next year only Chris and Greg D. remain, but they are left to search for a new generation of "Baker material." And Noeker, you will never have any game.
